

15th September 2026

Dear Parent carers of year 11 students,

As your child begins this vital academic year, we would like to emphasise the importance of regular attendance, punctuality and positive engagement in lessons.

Year 11 is a crucial stage in every student's education. The learning that takes place this year will have a significant impact on the qualifications students achieve and the opportunities available to them when they leave school. Every lesson matters and every minute of learning time is valuable.

We have high expectations for all Year 11 students. We expect them to attend all lessons, arrive on time, engage positively with learning and contribute to a productive classroom environment.

Our staff are committed to providing the highest quality teaching and support, and students must play their part by making the most of the opportunities available to them.

Unfortunately, when students choose to disrupt lessons or negatively impact the learning of others, this affects not only their own progress but also that of their peers. Therefore, any behaviour that prevents effective teaching and learning will be dealt with robustly and in line with our school behaviour policy.

Where a student is found to be negatively affecting the learning of others, this may result in:

- School consequences and sanctions;
- Removal from lessons;
- Detentions;
- Internal suspension; or
- Fixed-term suspension from school, where appropriate.

We ask for your support in reinforcing the importance of positive behaviour, attendance and commitment to learning throughout this vital year. By working together, we can ensure that all Year 11 students have the best possible chance of achieving their potential and securing successful outcomes in their examinations.

Thank you for your continued support. If you have any questions or concerns, please do not hesitate to contact the school.

Yours sincerely
